Jan-Feb
 (Summer
 Semester)

You'll need a bachelor degree (or equivalent) with a minimum GPA of 4 and sufficient knowledge to address the range of required teaching areas including: Arts, English, Health and Physical Education, Mathematics, Science, History, Geography and Technology. Find out more about these key learning areas on the Queensland Studies Authority website at qsa.qld.edu.au

While prior relevant professional experience is a not an entry requirement, applicants are encouraged to include evidence of any previous relevant experience.

Note. If you're an international applicant, or if you're an Australian applicant with English as a second language, you'll need to provide evidence of a standard of English language proficiency equivalent to an overall IELTS score of 7.5 (academic) with no score below 7 in any of the four skill areas, and a score of no less than 8 in speaking and listening.

* This is an accelerated program that includes summer semester study.

Applications

Applications for this degree are through QTAC. See qtac.com.au for details on how to apply.

What you'll study

This pre-service teacher education degree is for graduates from a non-education background. It will give you the professional preparation to teach in primary school (Prep to Year 6) settings.

You'll learn the theory and practice of teaching, including the characteristics of learners, the social and educational contexts of education, curriculum studies and professional experience in relevant settings.

Professional accreditation

You will be eligible to apply for registration with the Queensland College of Teachers. This qualification is recognised nationally.

Career opportunities

You will be eligible for provisional teacher registration and be equipped to teach in primary and early years settings nationally.

Paul Robotham's former IT career provided the perfect platform for his current role as a computer and business education teacher. Paul complemented his technological knowledge with teaching skills and practice by completing a **Graduate Diploma of Education—Secondary**. 'In my previous career I produced software which was enjoyable on a personal level, but teaching brings many other rewards. Seeing others benefit from your teaching and young people's enthusiasm for learning is inspiring. With teaching you can help others to succeed,' he said.
